

Fuel Cube

FCP500

- **Capacity (nominal/safe fill 95%)**
528 / 502 gals
- **Dimensions** 86" L x 45" W x 51" H
- **Weight** 1,501 lbs Empty, 5,690 lbs Full

FCP250

- **Capacity (nominal/safe fill 95%)**
243 / 231 gals
- **Dimensions** 45" L x 45" W x 51" H
- **Weight** 926 lbs Empty, 2,854 lbs Full

Applications

- **Onsite Fuel Supply** Keep fuel strategically located onsite to refuel construction machinery without having to wait for fuel deliveries.
- **Generators & Auxiliary Equipment** The Fuel Cube can connect to one diesel powered piece of equipment & dispense fuel by pump at the same time.
- **Fleet Refueling** In remote locations or on your facility, the FuelCube can be fitted to refuel your fleet & reduce any unneeded downtime.
